Priority: High Priority

TO All ROM's

The states of Idaho and Utah will be going Legislated Non-Self Service in January 1999. Please forward this information to your KAM's and AM's that may have chains that do business in Idaho or Utah. The legislation will require that displays be placed non-self serve via back bar or shields. Your KAM's and AM's should contact their chains in either of these markets as soon as possible to determine the specific merchandiser needs to make the stores compliant with the law when this goes into effect in January 1999 and local management can make the necessary arrangements to convert the stores.

If you have any questions, please call.
